3. ILECs that file tariffs under the price cap ratemaking methodology are required to file revised annual access tariffs every year.⁴ ILECs that file tariffs under the rate-of-return ratemaking methodology are required to file every other year. Further, ILECs filing pursuant to the requirements of section 61.38⁵ are required to file in even-numbered years⁶ and those filing pursuant to section 61.39⁷ are required to file in odd-numbered years and are not required to submit supporting material with the revised tariff.⁸ Since 2002 is an even-numbered year, only the price cap ILECs and the ILECs filing pursuant to section 61.38 are required to file revised access tariffs including support material that includes a TRP. For the 2002 annual access tariff filing, we are requiring the ILECs that do not normally file revised access tariffs this year to submit only supporting material in the form of a TRP that will detail the implementation of the procedures adopted in the MAG Order.⁹ The details of this supporting material will be spelled out in a subsequent order.

4. In addition to filing the TRP on ETFS, each ILEC filing a TRP should provide the Pricing Policy Division of the Wireline Competition Bureau with two copies of the TRP on diskette or CD-ROM. These two copies should be marked ATTN: Raj Kannan, 5-A207, 445 12th Street, SW, Washington, DC 20554. One copy of the TRP on diskette or CD-ROM should also be given both to the FCC Reference Information Center, Portals II, 445 12th Street, SW, Room CY-A257, Washington, DC 20554 and to the Commission's Duplication Contractor, Qualex International, Portals II, 445 12th Street, SW, Room CY-B402, Washington, DC 20554. Computer diskette or CD-ROM copies of the price cap TRP's should be submitted in Lotus Release-5 format. We urge carriers to run a computer virus check on each diskette or CD before submitting those disks or CDs. The computer file on the diskette or CD-ROM should be named COSAAN01 where "COSA" is the 4-character company study area code.

5. Copies of the TRP filed on diskette or CD-ROM may be obtained from Qualex International (202) 863-2893 at 445 12th Street, SW, Room CY-B402, Washington, DC 20554. Copies of any information filed electronically may be obtained via the Internet using the ETFS at

6. Section 61.49(k) of the Commission's rules requires price cap carriers to file a short form TRP without rate detail information 90 days prior to the usual effective date of July 1. For this year's filing, however, we require that this short form TRP be filed on May 1, 2002.¹¹ We will issue a separate order that will provide the details of the short form TRP and the regular TRP. Comments on the short form TRP will be due on May 13, 2002 and replies will be due May 20, 2002.

B. Pleading Filing Dates and Procedures

7.
